Axé Capoeira is an organization dedicated the celebration of Brazilian culture in Calgary through the practice of Capoeira and Brazilian dance as a means of developing self-expression and personal identity. Capoeira Professor and Musician Elvio Dos Santos, known in Capoeira as Professor Tigrão, came to Canada from Brazil six years ago in order to work with Calgarians to advance their understanding and practice of the art of Capoeira and diverse forms of Brazilian dance. His over twenty years of experience in Brazil performing and teaching both Capoeira and Brazilian dance has served as a basis for developing a creative and motivated group in Calgary.
